WHAT MEDICINE CAN COMPARE WITH PETERS' INESTIMABLE PILLS, AND MEDICATED LOZENGES! DETERS VEGETABLE PILLS have now

DETERS VEGETABLE PILLS have now been in general use more than ten years, and the public, taught their value by experience of their wonderful curative properties, have accorded to them a celebrity unparalleled in the history of medical science in this or any other country.—Testimonials of cures from every quarter of the Union, and from individuals in every condition of his, are their credentials, and unless thousands of respectable men have voluntarily entered into a conspiracy to deceive their fellow curzens, these preparations act upon the human system in a manner little short of miraculous.

zens, these preparations act upon the human system in a manner little short of miraculous.

We are told by a certain class of empirics, who understand nothing of the functions of the vital organs, and arginorant, probably, of their relative positions, that medicine acts immediately upon the blood; as if it could pass into the veins without the necessary digestive process which all digestible matter which enters into the stomach must undergo.

PETERS' VEGETABLE PILLS and CATHARTIC LOZENGES do indeed PURIFY THE BLOOD, but it is by purifying the chyle, bile, and all other fluids from which blood is generated. In all cases of dyspepsia, cholic, jaundice, flatulence, heart-burn, diseases peculiar to females, diarrheain short, in all complaints or affections of the stomach, liver or intestines, they will effect a cure when all other medicines have failed. CINES HAVE FAILED. Of this we have ample proofs to exbit to all who wish to investigate them.
PETERS' COUGH LOZENGES, by their superior efficacy, have distanced all competition. The aggregate of all the cough nostrums sold in the country does not equal the sale of this single preparation. All pulmonary complaints that are not beyond the reach of remedy, yield to Peters' Cough Lozenges.

ough Lozenges. PETERS' WORM LOZENGES are found such an infallible cure for worms, that Parents flock from far and near to obtain them for their suffering offspring. These Lozenges, although they destroy and expel worms with electric rapidity. may be taken with perfect salety by the most delicate infant.

The wonderful properties of PETERS' VEGETABLE PLASTERS, in curing the rheumatism, strengthening the

back, removing pains from the loins, side and breast, are the constant theme of all who have tried them.

THE HON. MARTIN VAN BUREN, Ex-President of of the Foreign Ministers, and hundreds of Clergymen and Physicians, are among the warm advocates and constant parrons of the above inestimable preparations. Principal Office 125 Fulton, corner of Nassur-t.
